

Heaven Here I Come
THE WASHINGTON PROJECTS

Chorus:

So heaven here I come, I'm packing my bags. So heaven here I come, I'm leavin the jag.
So heaven here I come, with riches or rags. So heaven here I come, ain't no time to be
sad, so here I come. Rejoice and be glad, cause here I come.

Verse 1

She's been wondering about this day forever. She's been thinking time there's time,
there's time but oh no. Tires spinnin, time stands still around here. Flashes of here life fly
by just like a slideshow. And now she's rollin down the aisle, but not the one that she
imagined. Her heartbeat is the only sound she can hear but she won't let go. She walks
out with a second chance to change the way she lives and now it's all so clear, if heaven
waits she wants to say.

Chorus:

So heaven here I come, I'm packing my bags. So heaven here I come, I'm leavin the jag.
So heaven here I come, with riches or rags. So heaven here I come, ain't no time to be
sad, so here I come. Rejoice and be glad, cause here I come.

Verse 2:

He's been pondering on this thought forever. He's been thinking time there's time,
there's time to get right. Tires screeching, bullets fly around him. Flashes from the guns
light up the sky they're so bright. Now his homies run away, it's not the way that he
imagined. Sirens are the only thing he can hear but he'll be all right. He walks out with a
second chance to change the way he lives and now it's all so clear, when heaven waits
he wants to say.

Chorus:

So heaven here I come, I'm packing my bags. So heaven here I come, I'm leavin the jag.
So heaven here I come, with riches or rags. So heaven here I come, ain't no time to be
sad, so here I come. Rejoice and be glad, cause here I come.

Verse 3:

So if Jesus walks and money talks, I'd rather walk with the Lord than swim with sharks.
Cause it's all futile in the end, all want in life is a smile and a friend. At least that's where
I'm trying to get to, let that devil too close and he will get you. Have your hands in the air
like the po po's do, and go ahead you can ask him bo knows too. He can take away your
rights. Man, if you let him he will take your life. He will take your wife, he will take your
kids, he will try and take anything that make you wanna live. So God stays on my mind
while I stay on my grind, they call me Marty Mcphly cause I'm ahead of my time. And I'm
ahead of my rhyme. I'm the branch he's the vine in 09.

Chorus Out
