

My Dream  
**WASHINGTON PROJECTS**

Verse 1

I go everywhere I go and I know the Lord He's right there by my side. And if I, if I ever knew a person that I ran into and didn't tell em bout you, then please let me see them again another day. And if I don't then please hear me when I pray. Lord, I want you to speak to them, show them that you care, and no matter how far they stray you are always there, you are always there.

Chorus

Jesus is my dream. Yes it's He that makes me want to sing. He's like fire burning hot. Jesus is my dream. Yes it's He, no matter what the world may bring. Jesus is my dream.

Verse 2

Oh, there's nothing that you can't do. You bring me through. I don't know where I'd be without you. Oh my Lord, you walk with me everyday. That's how I know that everything will be ok, ok. Oh Lord and don't you know that I see you in every moment. With every breath I know that you are breathing life into me. Oh yea, you give me reason to live. You are my dream.

Chorus

Jesus is my dream. Yes it's He that makes me want to sing. He's like fire burning hot. Jesus is my dream. Yes it's He, no matter what the world may bring. Jesus is my dream.

Verse 3

Lord, when I think about just who you are the fabric of your being surpasses the moon and stars. I think about the soul inside and how I'm set apart and how to you the universe must be a bowl of Lucky Charms. Or similar at least, your mercy is a beast. Lord, I just want less of me and to be humbled at your feet. And I lay staring at my ceiling, tears running down cause I can't help from feeling so blessed. I think about the martyrs who died going much harder than I would probably ever go. But even so, use me in this place to shine a light and show the way home, to point it out and show em where to go. Sometimes I feel like I don't even know, but I know deep in my soul you're all I ever need and more.

Chorus

Jesus is my dream. Yes it's He that makes me want to sing. He's like fire burning hot. Jesus is my dream. Yes it's He, no matter what the world may bring.

Bridge

You Jesus, I'm going for you, I'm going after the dream. I'm going for you, I'm going after you Jesus. 3x
