WASHINGTON PROJECTS

Verse 1

So you say this years gonna be different, I'll do it my way. Ain't gonna take no more mess. I don't care what they think. Cause I ain't gonna take no more. I'm ready to go. So let me tell you something, if you want to be taken seriously you need to get up and make it happen, because you can't do nothing if you don't make a move. There's work to do. So do you. And you won't stop, cause you can't stop. Make it work now girl you better do your thing. Bring what no one else can bring. Make em say, she got it. Keep on dreaming and believing in your calling. Show the world what you can do. I'm telling you just make a move. There's work to do. So do you.

Chorus

Work. If you wanna get that weight off. Work. When you find out you've been laid off.
Work. If you wanna be your own boss. Work. Oh you gotta work. 2x

Verse 2

I run the west. Simply cause I rhyme the best. Pay me to get on the stage. Pay me just to flex my chest. Jokin man I ain't got guns, they know that I got the skills. Everything I do has got something to do with mass appeal. Make the party scream and shout. But that ain't all that I do, tell em bout the God that gives me grace the one that gives me fuel. He is resting in my heart. So when I get off the stage, ladies be like what's your name? I be like, no way jose. Cause my wife is super fine. Go get yours work hard for mine. Like a straight miner you stay focused, diamonds what you'll find. Shinning like a diamond man. See I'm moving to the top cause I know just how to work and once I start I can't be stopped. Like the energizer bunny, you laugh cause you think I'm funny. But I'm trying to get sponsored by energizer make more money. But that's not what life's about. Fight against them idol thoughts. When you leave the world you leave alone and not with what you bought. Now know why you work.

Chorus

Work. If you wanna get that weight off. Work. When you find out you've been laid off.
Work. If you wanna be your own boss. Work. Oh you gotta work. 2x

Don't stop, don't stop gonna break right through them road blocks. Call me lava, dude I'm so hot. Feel like A.I how I robot. When I grab the mic a sure shot, I'ma take you to the top's top.
