

You Are Beautiful
WASHINGTON PROJECTS

Verse 1

Why are you crying? Baby don't be ashamed, you are so beautiful, cause God made you just that way. And every single freckle on your face is perfectly placed in the perfect place. And just remember what momma said, just remember what Jesus said, he was so beautiful, but they put thorns on his head. They will ridicule you, and try to tear you down, no matter where you are, just where your crown.

Chorus

You are beautiful I said 4X

Verse 2

Don't let them tear you down, baby don't be afraid. Their hearts are full of hate. They are just freedom slaves. And you know better girl you are a gem yeah, and you know that I'll always be your friend yeah. And just remember what momma said, just remember what Jesus said, he was so beautiful, but they put thorns on his head. They will ridicule you, and try to tear you down, no matter where you are, just where your crown.

Chorus

You are beautiful I said 4X
